

# Wire fraud is scary. We're here to help.

Protect yourself and your clients from wire fraud.  
Every transaction guaranteed up to \$1,000,000.

## Fraud Epidemic

Emails are being hacked, consumers are being tricked and billions of dollars are being diverted to fraudulent accounts. Even worse, court decisions are holding companies and individuals personally liable for losses.

Now more than ever, you need a partner who can help protect you from this threat.

USE CERTIFID'S SOFTWARE TO:

### Wire Funds Securely

Promote the secure exchange of wiring information and communication.

### Reduce Risk

Guarantee every transaction up to \$1Mil and protect yourself from losses your insurance might not cover.

### Validate Identity

Confirm identities of transaction participants to protect funds and your customers life savings.

### Instill Trust

Comply with identity management regulations to secure your process and transfer funds confidently.
